American Hero x 2
2005 GT2 Champion Patrick Long drives both the Petersen Motorsports/White Lightning
911 Porsche GT3R and a Penske Racing DHL Global Mail LMP1 Porsche RS Spyder.

Long Distance Delivery Man

Got something important to deliver? Like say, a victory? Patrick Long is your man. The reigning co-champion of the American Le Mans Series GT2 Class, Long's choice of delivery vehicle is, of course, a Porsche. Whether it's the Petersen Motorsports/White Lightning 911 GT3 or the Penske Motorsports DHL Global Mail RS Spyder, you can plan on the young American driver to endure the on-track battles and arrive at the finish line ahead of the competition. And ahead of schedule. See Porsche superstar Patrick Long in action in the American Le Mans Series on SpeedTV.
